Parentology Dalton Conley 2014-03-18 An award-winning scientist offers his unorthodox approach to childrearing: "Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions" (Amy Chua, author of Battle Hymn of the Tiger Mother). If you're like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In Parentology, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley's sassy kids show him the limits of his profession. Parentology teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You'll be laughing and learning at the same time.

Berserk Volume 1 Kentaro Miura 2017-07-18 Created by Kentaro Miura, Berserk is manga mayhem to the extreme - violent, horrifying, and mercilessly funny - and the wellspring for the internationally popular anime series. Not for the squeamish or the easily offended, Berserk asks for no quarter - and offers none! His name is Guts, the Black Swordsman, a feared warrior spoken of only in whispers. Bearer of a gigantic sword, an iron hand, and the scars of countless battles and tortures, his flesh is also indelibly marked with The Brand, an unholy symbol that draws the forces of darkness to him and dooms him as their sacrifice. But Guts won't take his fate lying down; he'll cut a crimson swath of carnage through the ranks of the damned - and anyone else foolish enough to oppose him! Accompanied by Puck the Elf, more an annoyance than a companion, Guts relentlessly follows a dark, bloodstained path that leads only to death...or vengeance.

Raising Boys Who Respect Girls Dave Willis 2019-11-12 Dave Willis, author, speaker, and father of four boys, talks biblically and practically about how to raise a generation of boys who are champions, encouragers, and respecters of women. In the #metoo and #churchtoo era, with so many men and boys continuing to make the same mistakes, we have to ask: Where are we going wrong? And perhaps more importantly, how do we raise up men who will break this cycle? As the father of four boys, relationship coach and author Dave Willis has studied this issue deeply, concluding that if we are to raise boys to respect girls---and not end up with men who say they respect women but whose actions reveal otherwise--we must go back to the heart of things. Or, more specifically, we must go back to our own hearts. In Raising Boys Who Respect Girls, Willis helps readers inventory the blind spots that lead to accidental forms of disrespect, showing how to root out issues in our own hearts before we inadvertently pass along these same issues to our boys. He also teaches readers how to cultivate a healthy respect for God and for themselves as created in his image, as well as a similar respect for others. Full of scripture, research, age-specific tools, and conversation models, this book offers a practical strategy for mindful parents to first embody the right principles themselves and then teach them to their sons.

In Cold Blood Truman Capote 2013-02-19 Selected by the Modern Library as one of the 100 best nonfiction books of all time From the Modern Library's new set of beautifully repackaged hardcover classics by Truman Capote—also available are Breakfast at Tiffany's and Other Voices, Other Rooms (in one volume), Portraits and Observations, and The Complete Stories Truman Capote's masterpiece, In Cold Blood, created a sensation when it was first published, serially, in The New Yorker in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the "new journalism." Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. "I thought he was a very nice gentleman," he says of Herb Clutter. "Soft-spoken. I thought so right up to the moment I cut his throat." Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers' flight, Capote's account is so detailed that the reader comes to feel almost like a participant in the events.

Long Bright River Liz Moore 2020-01-07 ONE OF BARACK OBAMA'S FAVORITE BOOKS OF THE YEAR NAMED A BEST BOOK OF THE YEAR BY NPR, PARADE, REAL SIMPLE, and BUZZFEED AN INSTANT NEW YORK TIMES BESTSELLER A GOOD MORNING AMERICA BOOK CLUB PICK "[Moore's] careful balance of the hard-bitten with the heartfelt is what elevates Long Bright River from entertaining page-turner to a book that makes you want to call someone you love." – The New York Times Book Review "This is police procedural and a thriller par excellence, one in which the city of Philadelphia itself is a character (think Boston and Mystic River). But it's also a literary tale narrated by a strong woman with a richly drawn personal life – powerful and genre-defying." – People "A thoughtful, powerful novel by a writer who displays enormous compassion for her characters. Long Bright River is an outstanding crime novel... I absolutely loved it." —Paula Hawkins, #1 New York Times bestselling author of The Girl on the Train Two sisters travel the same streets, though their lives couldn't be more different. Then one of them goes missing. In a Philadelphia neighborhood rocked by the opioid crisis, two once-inseparable sisters find themselves at odds. One, Kacey, lives on the streets in the vise of addiction. The other, Mickey, walks those same blocks on her police beat. They don't speak anymore, but Mickey never stops worrying about her sibling. Then Kacey disappears, suddenly, at the same time that a mysterious string of murders begins in Mickey's district, and Mickey becomes dangerously obsessed with finding the culprit--and her sister--before it's too late. Alternating its present-day mystery with the story of the sisters' childhood and adolescence, Long Bright River is at once heart-pounding and heart-wrenching: a gripping suspense novel that is also a moving story of sisters, addiction, and the formidable ties that persist between place, family, and fate.

Buying Guide 2007 Consumer Reports 2006-11-14 The editors of Consumer Reports rate a wide range of consumer items, in an updated buying guide for new products, which includes advice on how to purchase kitchen appliances, automobiles, entertainment products, and home office equipment, along with more than nine hundred product ratings, brand repair histories, and other helpful features. Original. 350,000 first printing.

On Jordan's Banks Darrel E. Bigham 2014-07-11 The story of the Ohio River and its settlements are an integral part of American history, particularly during the country's westward expansion. The vibrant African American communities along the Ohio's banks, however, have rarely been studied in depth. Blacks have lived in the Ohio River Valley since the late eighteenth century, and since the river divided the free labor North and the slave labor South, black communities faced unique challenges. In On Jordan's Banks, Darrel E. Bigham examines the lives of African Americans in the counties along the northern and southern banks of the Ohio River both before and in the years directly following the Civil War. Gleaning material from biographies and primary sources written as early as the 1860s, as well as public records, Bigham separates historical truth from the legends that grew up surrounding these communities. The Ohio River may have separated freedom and slavery, but it was not a barrier to the racial prejudice in the region. Bigham compares early black communities on the northern shore with their southern counterparts, noting that many similarities existed despite the fact that the Roebling Suspension Bridge, constructed in 1866 at Cincinnati, was the first bridge to join the shores. Free blacks in the lower Midwest had difficulty finding employment and adequate housing. Education for their children was severely restricted if not completely forbidden, and blacks could neither vote nor testify against whites in court. Indiana and Illinois passed laws to prevent black migrants from settling within their borders, and blacks already living in those states were pressured to leave. Despite these challenges, black river communities continued to thrive during slavery, after emancipation, and throughout the Jim Crow era. Families were established despite forced separations and the lack of legally recognized marriages. Blacks were subjected to intimidation and violence on both shores and were denied even the most basic state-supported services. As a result, communities were left to devise their own strategies for preventing homelessness, disease, and unemployment. Bigham chronicles the lives of blacks in small river towns and urban centers alike and shows how family, community, and education were central to their development as free citizens. These local histories and life stories are an important part of understanding the evolution of race relations in a critical American region. On Jordan's Banks documents the developing patterns of employment, housing, education, and religious and cultural life that would later shape African American communities during the Jim Crow era and well into the twentieth century.
