Living and Working in Britain David Hampshire 1991

The Internet Consumer Bible Tess Read 2012-05-31 The Internet Consumer Bible is the most authoritative guide to the internet available. Far more than a directory, this book shows you - whether novice or experienced web surfer - which sites can help you and which sites are a waste of time. Taking you through every aspect of life and showing how to save hundreds of pounds and release hours of valuable time for other activities, the book also looks at what you can't do on the web or what you can still do better offline. Chapters finish with a list of sites in the area providing a brief description of what the site does and a star rating of 1-5 for how good each is. There are five major sections: 1) Basics. Chapters in this section include: what is a 'good website?'; getting started, unmetered access, ADSL, virus programmes, firewalls, screening software, mobile internet and interactive TV. 2) Lifestages. Chapters in this section include: births and young children; education; dating, marriage and divorce; work: job-seeking, self-employment, redundancy; death. 3) Shopping. Chapters in this section include: home, mortgages, online estate agencies, DIY, gardening, cars, clothes, groceries. 4) Entertainment and Leisure. Chapters in this section include: travel and holidays, sport, films, music, restaurants, TV, nightlife, genealogy, weather, hobbies. 5) Organising Your Life. Chapters in this section include: money (covers investing Ghost Boys Jewell Parker Rhodes 2018-04-17 A heartbreaking and powerful story about a black boy killed by a police officer, drawing connections through history, from award-winning author Jewell Parker Rhodes. Only the living can make the world better. Live and make it better. Twelve-year-old Jerome is shot by a police officer who mistakes his toy gun for a real threat. As a ghost, he observes the devastation that's been unleashed on his family and community in the wake of what they see as an unjust and brutal killing. Soon Jerome meets another ghost: Emmett Till, a boy from a very different time but similar circumstances. Emmett helps Jerome process what has happened, on a journey towards recognizing how historical racism may have led to the events that ended his life. Jerome also meets Sarah, the daughter of the police officer, who grapples with her father's actions. Once again Jewell Parker Rhodes deftly weaves historical and socio-political layers into a gripping and poignant story about how children and families face the complexities of today's world, and how one boy grows to understand American blackness in the aftermath of his own death.

Know it All, Find it Fast Robert John Duckett 2008 There is a queue, the phone is ringing, the photocopier has jammed and your enquirer is waiting for a response. You are stressed and you can feel the panic rising. Where do you go to find the information you need to answer the question promptly and accurately? Answering queries from users is one of the most important services undertaken by library and information staff. Yet it is also one of the most difficult, least understood subjects. There are still very few materials available to help frontline staff - often paraprofessional - develop their reader enquiry skills. This award-winning sourcebook is an essential guide to where to look to find the answers quickly. It is designed as a first point of reference for library and information practitioners, to be depended upon if they are unfamiliar with the subject of an enquiry - or wish to find out more. It is arranged in an easily searchable, fully cross-referenced A-Z list of around 150 of the subject areas most frequently handled at enquiry desks. Each subject entry lists the most important information sources and where to locate them, including printed and electronic sources, relevant websites and useful contacts for referral purposes. The authors use their extensive experience in reference work to offer useful tips, warn of potential pitfalls, and spotlight typical queries and how to tackle them. This new edition has been brought right up-to-date with all sources checked for currency and many new ones added. The searchability is enhanced by a comprehensive index to make those essential sources even easier to find - saving you valuable minutes! Readership: Offering quick and easy pointers to a multitude of information sources, this is an invaluable reference deskbook for all library and information staff in need of a speedy answer, in reference libraries, subject departments and other information units.

Practical Motorsport Engineering Andrew Livesey 2018-12-07 This guide and textbook on motorsport engineering is written from a practical point of view. It offers a wide-ranging insight into the nuts and bolts technology of practical car racing from saloons and sports cars to open wheelers. It gives the aspiring race engineer the tools to do the job by explaining all aspects of race car technology and offering crucial insight into the essentials of the motorsport engineering industry. For motorsport engineering students at all levels, this book particularly covers the examination syllabuses for IMI (the Institute of the Motor Industry), EAL and BTEC, and meets the CPD requirements of most engineering institutions. Each aspect of the race car is covered in a separate chapter with test questions and suggestions for further study at the end. Combining the key points from his previous publications Basic Motorsport Engineering and Advanced Motorsport Engineering, the author draws on a career in teaching and industry to create the must-have, all-in-one reference. It is an ideal companion for the practising owner, driver or race engineer (whether amateur or professional), a suitable introductory text for HND and degree students and a great point of reference for any other keen fans with an interest in motorsport.

The Internet for the Older and Wiser Adrian Arnold 2010-07-15 The Internet is not just for the youthful-it's for everyone! With plenty of leisure time and disposable income, the over 50s are the fastest growing segment of Internet users. From booking holidays to shopping, joining clubs and researching family history, the Internet is where the people over 50 can

indulge in their favorite pastimes and stay in touch with friends and family. The Internet for the Older and Wiser is the ideal solution to get you up and running safely on the World Wide Web. This full-colour guide walks you step by step through the basics, while giving you the best advice on how to make the most of what the Internet has to offer. Shows you how to safely search and shop online; research your family tree; stay in touch with family; join social networks; and manage your finances. Written in full colour with explanatory screenshots and an easy-to-read font. Includes brain-teaser sections, a glossary for easy reference, and a useful website directory. Uses the latest release of Windows Vista Home Premium, Windows XP, and Internet Explorer 8-updates, including Windows 7, and training tutorials can be found online at [pcwisdom.co.uk](http://pcwisdom.co.uk). If you want to get started online but don't know how, you won't find a better guide than The Internet for the Older and Wiser.
