Globalisation, Education, and Reform in Brunei Darussalam Le Ha Phan 2021-09-13 This book focuses on the intertwined relationships between globalisation, nation-building, education, and reform as manifested throughout the modern history of Brunei Darussalam, an Islamic monarchy located on the island of Borneo in Southeast Asia. It is the first book dedicated to the examination of Brunei's education system, schooling, teacher education, and society in close connection with the national philosophy Melayu Islam Beraja (MIB) or Malay Islamic Monarchy. The authors provide a historical understanding of the country's education and tell Brunei's story of educational reform and change in its own language, narratives, accounts, and unique standpoints. Interdisciplinary chapters draw on significant historical and textual sources in three languages, namely Arabic, English, and Malay, to contribute to scholarship on education studies, international and comparative education, and international and development education.

Life Space Management P S Siwach 2014-09-30 Life Space Management is a book that throws up a new concept of enhancing individual & organisational effectiveness by managing the parameters of Life Space, a word coined by Kurt Lewin. Our entire effectiveness in life depends on how well we create space with others in the environment. All of us intrinsically yet unknowingly practice the art of creating the right space, whenever we interact with others. Our entire relationship blooms and grows or diminishes based on the quantum of life space we create with them. The author has researched on this new subject and put across his views to help the reader evolve and grow more effective in life.
